

2019 AOM ED Capabilities Survey

| | Atrium | Bethesda North | Childrens - Liberty | Christ Hospital | Children's Hospital | Ft. Hamilton | Good Samaritan | Mercy Anderson | Mercy Clermont | Mercy Fairfield | Mercy West | Mercy Jewish | St. E. Florence | University Hospital | Veteran's | West Chester |
|------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------|----------------|---------------------|-----------------|---------------------|--------------|----------------|----------------|----------------|-----------------|------------|--------------|-----------------|---------------------|-----------|--------------|
| Regarding Pediatric Patients: | | | | | | | | | | | | | | | | |
| Is your ED prepared to stabilize a pediatric cardiopulmonary arrest ? | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | N | Y |
| Is your ED prepared to stabilize a pediatric diabetic emergency (DKA) ? | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | N | Y |
| Is your ED prepared to handle pediatric febrile illnesses ? | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | N | Y |
| Is your ED prepared to stabilize pediatric patients with isolated minor orthopedic injuries ? | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y |
| Is your ED prepared to stabilize a pediatric patient with MINOR trauma ? (lacerations, single system trauma, etc) | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | N | Y |
| Is your ED prepared to stabilize a pediatric patient with MAJOR trauma ? (2 or more systems, major orthopedics, etc) | Y | Y | N | N | Y | Y | N | N | Y | Y | N | Y | N | Y | N | Y |
| Can you admit pediatric patients to a general inpatient setting ? | N | N | Y | N | Y | N | N | N | N | N | N | N | N | N | N | N |
| Can you admit pediatric patients to an ICU setting ? | N | N | N | N | Y | N | N | N | N | N | N | N | N | N | N | N |
| Regarding the burn patient: | | | | | | | | | | | | | | | | |
| Is your ED prepared to treat minor burns ? | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y |
| Is your ED prepared to stabilize patients with a major burns ? | Y | Y | N | Y | Y | Y | Y | Y | Y | Y | Y | Y | N | Y | N | Y |
| Is your ED prepared to stabilize a patient with burns and associated inhalation injury ? | Y | Y | N | Y | Y | Y | Y | Y | Y | Y | Y | Y | N | Y | Y | Y |
| Can you admit patients with a diagnosis of smoke inhalation to your hospital? | Y | Y | N | Y | Y | Y | Y | Y | Y | Y | Y | Y | N | Y | Y | Y |
| Regarding the Cardiology Patient | | | | | | | | | | | | | | | | |
| Does your hospital have an interventional cardiac catheterization laboratory that is capable of treating patients on the 24 hours/day, 7 days/week basis? | Y | Y | N | Y | N | Y | Y | Y | N | Y | Y | Y | N | Y | N | Y |
| Does your Emergency Department initiate a post resuscitation cooling protocol? | Y | Y | N | Y | N | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y |
| Does your Intensive Care Unit continue the post resuscitation cooling protocol? | Y | Y | Y | Y | N | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y |
| Regarding the Adult Trauma patient: | | | | | | | | | | | | | | | | |
| Is your hospital an American College of Surgeons verified trauma center ? | Y | Y | N | N | Y | N | N | N | N | N | N | N | N | Y | N | Y |
| If yes, what ACS Trauma level certification applies? | 3 | 3 | | | 1 | | | | | | | | | 1 | | 3 |
| Is your ED prepared to treat minor adult trauma ? (single body system and stable physiology?) | Y | Y | N | Y | N | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y |
| Is your ED prepared to stabilize major adult trauma ? (2 or more systems and/or unstable vital signs, etc)? | Y | Y | N | N | Y | Y | Y | Y | Y | Y | Y | Y | N | Y | N | Y |
| Can your ED/hospital provide appropriate treatment of significant (non-minor) ocular trauma ? | N | Y | N | N | Y | N | Y | Y | N | Y | N | N | N | Y | N | Y |
| Can your ED/hospital provide appropriate treatment for a significant hand injury ? | Y | Y | N | Y | Y | N | Y | N | N | Y | N | Y | N | Y | N | Y |
| Is your ED prepared to handle traumatic head injuries ? | Y | Y | N | N | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | N | Y |
| Is your ED prepared to treat traumatic spinal cord injuries ? | Y | Y | N | N | Y | N | Y | Y | Y | Y | Y | Y | N | Y | N | Y |
| Does your hospital have neurosurgical services available ? | N | Y | N | Y | Y | N | Y | Y | N | Y | N | Y | Y | Y | N | Y |

In the best interest of the patients cared for by EMS departments in the region utilizing the Southwest Ohio EMS Protocols, the 2019 ED Capabilities Survey questions included are geared to summarize full service hospital Emergency Department's ability to treat and admit specific prehospital emergency patients. This effort is solely to supply EMS providers with information that can be used in the appropriate hospital triage of their patients. Questions/comments: dlocasto@gmail.com

2019 AOM ED Capabilities Survey

| | Atrium | Bethesda North | Childrens - Liberty | Christ Hospital | Children's Hospital | Ft. Hamilton | Good Samaritan | Mercy Anderson | Mercy Clermont | Mercy Fairfield | Mercy West | Mercy Jewish | St. E. Florence | University Hospital | Veteran's | West Chester |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------|----------------|---------------------|-----------------|---------------------|--------------|----------------|----------------|----------------|-----------------|------------|--------------|-----------------|---------------------|-----------|--------------|
| Regarding the stroke patient : is your hospital a Comprehensive or Primary stroke center as designated by the Joint Commission? C= Comprehensive, P= Primary, N= Neither. Reminder this differentiation for a Large Vessel Occlusion (LVO) | P | P | N | P | N | | P | P | N | P | P | P | P | C | N | P |
| Does your Emergency Department have a 24/7 CT scanner and technician ? | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | N | Y |
| Does your Emergency Department have thrombolytics available within 15 minutes ? | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y |
| Regarding patients assessed to be intoxicated/poisoned: | | | | | | | | | | | | | | | | |
| Can your ED stabilize/treat patients that are intoxicated/poisoned ? | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y |
| ***** Can you admit toxic ingestion patients to your hospital? | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y |
| Can your ED stabilize/treat patients suffering from a toxic ingestion resulting from a suicide attempt ? | Y | Y | Y | | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y |
| ***** Can you admit the toxic ingestion patient resulting from a suicide attempt to your hospital? | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y |
| Regarding the psychiatrically ill patient: | | | | | | | | | | | | | | | | |
| Is your department capable of handling the abusive/beligerent psychiatric patient ? | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y |
| Does your hospital have an inpatient psychiatric ward ? | Y | N | N | Y | Y | Y | Y | N | Y | N | N | N | N | Y | Y | N |
| What inpatient psychiatric services are provided by your hospital. A:Adult, G: Geriatric, Ad: Adoescent, P: Pediatric, N: No Inpatient Psych Unit | A | N | N | A G | Ad P | A | A G | N | A G | N | N | N | N | A G | A G | N |
| Is your ED prepared to handle imminent obstetrical emergencies (deliveries) ? | Y | Y | N | Y | Y | Y | Y | Y | Y | Y | Y | Y | N | Y | N | Y |
| Should EMS bring the following patients to your ED? | | | | | | | | | | | | | | | | |
| The pregnant patient with a minor injury/illness ? | Y | Y | N | Y | N | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y | Y |
| The pregnant patient with a pregnancy related issue/problem ? | Y | Y | N | Y | N | Y | Y | Y | N | Y | Y | Y | N | Y | N | Y |
| The pregnant patient involved in a motor vehicle accident not meeting trauma criteria ? | Y | Y | N | Y | N | Y | Y | Y | N | Y | Y | N | N | Y | N | Y |
| The pregnant patient with an imminent delivery and breech presentation ? | Y | Y | N | Y | N | Y | Y | Y | N | Y | Y | N | N | Y | N | Y |
| The preterm infant delivered in the field ? | Y | Y | N | Y | N | Y | Y | N | N | Y | N | N | N | Y | N | Y |
| Regarding Free Standing Emergency Departments : Patients you believe that will need to be admitted to the hospital should be brought to a hospital with admitting capability to avoid the need for further transportation and delays in definitive management. Your Department should develop a policy regarding this issue. Reminder: This Capabilities Survey does not supersede the AOM Protocols regarding very sick patients, especially those requiring an emergent airway. | | | | | | | | | | | | | | | | |
