THRIVING IN CRISIS

HOW TO LEAD DURING CHALLENGING TIMES

Leadership Training for Fire & EMS Leaders, Public Safety Professionals, and Community Leaders

When a crisis strikes, true leadership is revealed.

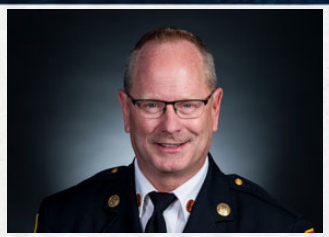
Thriving in Crisis is a comprehensive leadership program designed to equip leaders with the tools, strategies, and framework needed to successfully navigate unplanned and unexpected events. While leadership is often demonstrated during stable and predictable times, it is during moments of uncertainty and adversity that leadership is truly tested.

THIS PROGRAM PROVIDES PRACTICAL TECHNIQUES THAT EMPOWER LEADERS TO:

- Establish a confident leadership presence during critical incidents
- Navigate complex and rapidly changing situations
- Make sound decisions under pressure
- Lead through uncertainty with resilience and confidence
- Transform challenges into opportunities for growth and success

Leading during a crisis is about more than simply surviving the storm. It is about thriving through adversity, supporting your organization, and emerging stronger on the other side.

INSTRUCTOR



TIMM SCHABBEL

Timm Schabbel brings nearly 40 years of emergency services experience, including more than 25 years as Executive Fire Chief of an internationally accredited fire department. Throughout his distinguished career, he successfully led two departmental consolidations, creating a regional organization that now serves five governmental entities.

HIS EDUCATIONAL ACCOMPLISHMENTS INCLUDE:

- Master's Degree in Organizational Leadership
- Bachelor's Degree in Fire Service Management
- Graduate of the National Fire Academy's Executive Fire Officer Program
- Executive Certificate in Public Policy, Harvard Kennedy School
- Executive Leadership Program Graduate, U.S. Naval Postgraduate School

Today, Timm serves as a Blue Card Lead Instructor and Senior Public Safety Specialist, supporting communities and public safety agencies through organizational assessments, regionalization initiatives, fire and EMS studies, and emergency services improvement projects.
